Dear Sir:

RADIO MALAWI

March 23, 1970

Thank you for your reception report of 16 February, 1970
We have compared it with our programme log and can, in fact, verify
that it was our transmission you were listening to

on 13. 2.70
at 0318 to 0356 GMT
on 3380 kHz

As you no doubt realise, our transmissions are intended for
reception only within Malawi, but we are always interested in reports
from further afield.

You may be interested in an up to date Transmission Schedule,
which is as follows:
