Assistant Station Engineer,
High Power Transmitters,
All India Radio,
Kingsway Camp,
Delhi-110009

Dear Mr. Dexter ,

This is to thank you for your letters redirected to me from Srinagar.

I have been transferred to Delhi and my present address is given above.

Your first letter was redirected to me at the wrong address and it could not be delivered to me and as such was returned to you.

I am glad to know that you are in a broadcasting organization and thank you for having taken the interest in Indian Broadcasts.

I hereby verify your reception of Radio Kashmir operating on 3277 KHz on 7.5 K.W. transmitter. The great circle path from India to your country passes through the auroval zone and therefore in most of the cases the reception is generally not expected to be very satisfactory due to absorption of signal.

My son Anil who is 10 years old is having stamp collection as his hobby. He was extremely happy to have the American stamps sent by you. He would like to have a pen friend amongst the children of his age group. I shall be grateful if you can introduce him to some one interested in this.

Kindly also receive my thanks for the beautiful picture post card.

Yours sincerely

J. C. Bhargava
