Dear Sir,

Reception Report

Thank you for your letters dated 2nd and 16th April, 1972. Your reception report of 2nd April was incorrect because, as you also realised, we do not broadcast on 4.895 MHZ. Your report has been sent to Radio Malaysia Sarawak and we hope it will be found accurate.

However we are pleased to confirm your reception report of 15th April as correct.

Enclosed herewith is our QSL card and a sheet of our station's frequencies for your future reference.

Best wishes and happy listening.

Yours Sincerely,

.....
