Dear Sir

Your letter dated 28/1/1965 to hand
I am extremely pleased to hear about a reception
report of radio sarrad in your country. So I
heartly thank you for begging for you successful
employing as you do in writer and announcer in
your station

I respectfully tell you what you demanded.
The output power of the transmitter that
you picked up on frequency 5804.5 kilocycles
or 51.70 meters is 25 kilowatts
in addition it is medium wave transmitter
on 880 kilocycles or 340 meters
I would like to know the time of our
arabic programs which radiat everyday on
two frequencies the above mention.
the next time indicated are G.M.T
