November, 8th, 1966

Dear Mr. Gerry L. Dexter :

Your letter dated August 22nd, 1966 came to hand recently. I must to ask excuses, if I'm late in answering your letter. I've spent my hollydays in Petrópolis city, and just I was back to RA I met your letter. Petrópolis is a beautiful city in Rio de Janeiro state. It's on the top of a moutain and there we meet Hotel Quitandinha, the biggest hotel in Brazil.

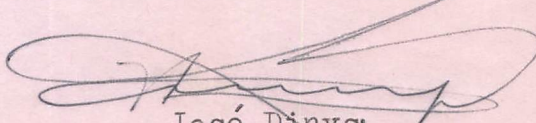

As you have requested, it's enclosed herewith your QSL-card. It is not too beautiful, but I hope you like it !-! I thank you very much for the flag WBKV-AM-FM, that you sent to me. I'll put it at the exposition of International Correspondence of Radio Aparecida; the post-card showing 4 parts of your DX-room will be put there too. I did appreciate the stamps you enclosed in your letter. They are very beautiful, and it's a great pleasure have them in my collection. Stamps-collection is my main hobby.

I'm enclosing herewith too : a photograph of myself, got in my International Correspondence room; some stamps of Brazil, to your collection, if you have it; a piece of magnetic tape with my voice recorded in. It's a greeting from me to you in English. I ask excuses, if my pronouce isn't good, but I hope you undestand it !

Here in Aparecida, we've a commercial house (photo), whose name is in homage to the one-time president of your country, John Kennedy. Its owner, Mr. João de Souza, sends to you a flag (herewith) of his Photo. At the entrance of the Photo, there is a big portrait of the great Kennedy. When you write to me again, write, please, some words in thanking to Mr. João de Souza. He'll appreciate it very much. And if you've also more stamps and flag to send me, I'll like very much to receive them.

Well, Mr. Gerry, I ask excuses for my poor English, and before closing, I send you the best regards from Brazil and from the friend
