Dear Mr. Dexter:

I am very happy to receive your letter. I am glad that you have received our broadcast in Wisconsin. Now we broadcast every day to China with the frequency 15280 Kz short wave at 5:00 to 6:00 am. Beijing time. We also use other frequencies such as 750, 900, 1100 medium wave and 7150, 7250, 11905 short wave. However, on these frequencies, our programs only appear randomly.

However now we are using focused broadcast and Wisconsin is not in the channel of our broadcast. We are mainly trying to cover Beijing, Tianjing, Shanghai.

After several months of hard work, our dream has become reality. Now we are broadcasting to Mainland China through some most powerful towers located around the bank of China everyday.

We would like to keep in touch with you. Thank you very much for writing to us.

Sincerely,

Sanyuan Li
