Voice of the Salvadoran people in struggle

Dear DXers,

We thank you for your interest in Radio Farabundo Marti of the FMLN in El Salvador. We are happy to receive and verify your QSL reports. As a DXer we know that you share the value we place on our shortwave broadcasts. As the Salvadoran Government continues to clamp down and censor the domestic media, More and more Salvadorans as well as the international community are turning to Radio Farabundo Marti for accurate and reliable information on the realities of the Salvadoran situation.

To avoid the Government's military attacks we have been forced to operate for the last 8 years as a clandestine, mobile radio. As such, the wear and tear to our equipment is tremendous. To continue broadcasting, we need the help of the international community. Below you will find a list of equipment that we are urgently seeking. If you can help us by providing any of the listed equipment, or if you have any additional equipment, not listed, we would be grateful to hear from you.

- 4 or 6 channel stereo mixers
- Sony TCM 5000 tape recorders
- Sony WM-D6C professional Walkmans
- Sony M-740 microcassette recorders
- Sony TCS 370 Stereo tape recorders
- Shure microphones omnidirectional and unidirectional
- Stereo Headsets (cables and other accessories)
- YAESU FM transceiver FTC 23R
- YAESU VHF-FM transceiver FTC 2203
- YAESU radio base FTC 2640
- Sony ICF 7600D multi band radios
- ICF stereo 5W1S digital multi band radio
- Small AM-FM transistor radios
- Micro and regular cassette tapes

We thank you for your interest in, and support of Radio Farabundo Marti. We hope to establish a mutually beneficial relationship. If you can donate any of the above mentioned equipment, or if you have any questions, please contact:
