Dear Mr. Dexter:

We thank you for writting us. and also we are very surprise to -- know that you have receipt our "Radio Miskut" broadcasting, and-- also " La Voz de la Libertad".

Here is a brief additional information in relation with our --- struggle for freedom for our country Nicaragua, in Central Ameri- ca.

We, the Miskitos peoples, belong to the atlantic coast area of - Nicaragua, and in the year of July, 1979, when Somozas goverment was disposse, and the new goverment directed by the Sandinistas take over the power, we, the Miskitos people, form a organization named "MISURA" which, it means, (Nicaraguan indians of Miskitos,- Sumus, and Ramas, organization).

For the beginning, our relationship with the new goverment was - acceptable. But, late after, in 1982, our peoples began claiming for right to the land for work, and also a porcentage of the --- product of natural resources of the region.

The new goverment disapprove our claims, and, instead of negotia- tion, it was jailed all the directive board of our organization - "MISURA". From then, our peoples has been persecuted, arrested, jailed, violated, and finally lot of them are assesinated by the Sandinistas goverment.

Now, over five years, since they took over the power, we are -- convinced that, the Sandinistas goverment official ideology and - policy is the communism system; which is not compatible with the Miskitos peoples way of living, customs and tradition.

Those are the reasons, why today our peoples are in struggle, -- with our army forces, and also a political comission, supported by Radio Broadcasting Programs, and with combatants in the nort and south of Nicaragua.

Enclose we are mailing you back your cards, with our signature - and stamp.

We are glad to add you to our mailing list for news releases in the soon future.

Sincerely yours,

WYCLIF DIEGO  
Director of Misura Political  
Comission
