

Radiodifusora "La Voz de Galápagos"

Puerto Baquerizo
Isla San Cristóbal

Galápagos
Ecuador

Puerto Baquerizo, ...27..... deOctubre..... de 19...70

Mr. Gerry L. Dexter
Lake Geneva, Wisconsin
U.S.A.

Dear Radio- friend:

First at all, I am very glad to know you, almost by letter and picture. Then I am happy because I knew that you are also working at radio station from Lake Geneva .

We received your tape which contains the reception of our station on date September 17. We can't reproduce it ~~the~~ speed 7 1/2 ips, half track because it was unintelligible. Only we can't understand the identification.

In the other hands, it is to verify and confirm that you really heard our station according to our control book on date September 17, 1970 from 0259 to 0405 G.M.T. or 2059 to 2205 Galapagos time.

Please excuse my English I don't write it well.

I am sending a pennant as a souvenir from our radio station. Thank you for your picture and I hope you will remit other reports.

I remain very truly:

Fr. Carlos Uría Pandoval.

Director de "La Voz de Galápagos"
