DRAKE

SW-2

**NASWA MEMBERS:
WE ARE PLEASED
TO FEATURE
TWO NEW
RECEIVERS!**

Dollar for dollar, the new Drake SW-2 has to be the best value in shortwave radio today. Here is a table top receiver, with a truly impressive array of features and capabilities, at a price that everyone can afford. Never before have you been able to get so much radio for so little money. Of course the SW-2 covers all longwave, medium wave (AM) and shortwave frequencies. Single sideband is easily tuned with separate LSB and USB positions. Amplitude modulated signals sound great through the front firing speaker. When a shortwave signal does start to fade you can engage sideband selectable synchronous tuning to stabilize and improve the signal. The capable memory system is nonvolatile and stores 100 channels (storing frequency, mode and detection). Memory recall may be accomplished by either keypad entry or by rotating the main tuning knob while in memory mode. Other refinements include RF Gain, Tuning Bar Graphs, 100 Hz readout and Xmitter. Dual antenna inputs accept either a PL-259 coaxial or wire feedline. A mini earphone and 1/2" diameter speaker jack are provided. The optional remote lets you operate this radio from across the room. The oversized digital display is large enough that you can actually see the frequency from across the room. Universal is excited to offer this exceptional radio value. The reliable, American-made Drake SW-2 carries a limited one year warranty.

Order #2222 \$489.95 (+*17)

OPTIONS

- + Drake MS-8 This external speaker includes a 6 foot cord with plug. #2846 \$48.95 (+*4)
- + Drake Carry-Tilt Handle This plastic handle snaps on in a jiffy. #1317 4.95 (+*3)
- + Drake MMK-1 Mobile Mounting Bracket Inverted or upright. #3032 14.95 (+*3)
- + Drake Infrared Remote Keypad #1589 48.95 (+*3)

Operate your SW-2 from across the room! This stylish remote does it all! Tune the radio up and down, control the volume, enter frequencies, change modes, mute and even dim the display!

SPECIFICATIONS

Frequency Range	100 - 30000 kHz
Power	12 VDC 1.5A 120VAC P.S. included
Antenna Impedance	50 ohm
Selectivity (-6dB)	AM 6.0 kHz SSB/CW 2.3 kHz
Sensitivity	< 5 µV SSB (10 dB S+N/N)
Intermediate Freqs.	1st IF = 55.845 MHz 2nd IF = 455 kHz
Audio Output	1 Watts at 8 Ohms
Standard Steps	50Hz via Tuning Knob 5kHz Up/Down Buttons
Circuit Type	Dual Conv. Superhét
Dimensions	10.875" x 4.4" x 7.62"
	276x111x194 mm
Weight	5.8 Lbs. net (2.6 kg)

**Shortwave Receivers
Past & Present**

Communications Receivers 1945-1996

- New 2nd Ed.
- 80 Chapters
- 350 Pages
- 600 Photos
- Printed Jan. 97
- Covers 1945 to 1996.
- 500 Receivers
- 400 Variants
- Includes 70 U.S. and Intl. manufacturers
- \$19.95 (+*2 ship)

This huge 350 page Second Edition includes over 500 shortwave and amateur communications receivers made from 1945 to 1996. Here is everything you need to know as a radio collector or informed receiver buyer. Entry information includes: receiver type, date sold, photograph, size & weight, features, reviews, specifications, new & used values, variants, value rating and availability. Seventy American and worldwide manufacturers are represented. Become an instant receiver expert!

\$19.95 (+*2 bookrate or +*3 UPS)

JRC Japan Radio Co., Ltd.
NRD-345

Famous for its top-guns receivers, Japan Radio Company once again pioneers with a brand new model at a surprisingly affordable price. This incredibly attractive and compact radio delivers hour-after-hour of listening pleasure with high dynamic range and synchronous AM detection to help tame fading. Dual IF filters (8/2 kHz) are supplied, with a third optional position available. Tuning the radio is smooth as silk via the large indented main tuning knob. The easy-to-read LCD type display shows you the precise frequency to 10 Hz! The variable Noise Blanker is effective against pulse and ignition interference. The sophisticated memory system stores 100 channels with frequency, mode, AGC, attenuator, VFO, bandwidth and NB status parameters all stored. Both memory and frequency scanning are supported. The Clock-Timer function enables the radio to turn on and off at a specific time and the clock can be set for UTC or local time. The Tone Control, AGC and 20 dB Attenuator allow you refine the signal to your personal taste. Other refinements include an analog S-Meter, Tilt-Bar, Up/Down Tuning buttons, Dual VFOs and Dial Lock. Rear panel jacks include: External Speaker, Record Jack, FAX/RTTY Line Out and DB-25 RS-232C port. Switch selectable dual antenna inputs are featured to support both wire-type or coaxial-type lead ins. A built-in RS-232C port facilitates connecting a personal computer (4800 baud, 1 start bit, 8 data bits, no parity, 1 stop bit). Exact price is unknown at press time, but is expected to be under \$1000.

**COMMUNICATIONS
CATALOG**

Universal's free 1997 100 page catalog covers everything for the shortwave, amateur and scanner enthusiasts. With informative photos and full descriptions. To request your copy please call toll-free:

1 800 431-3939

Shortly after the Journal was published last month, we learned of the closing of Gilfer Shortwave from Executive Council member **Jerry Berg**: "The rumors about Gilfer are true. Whether they have officially gone out of business, or "suspended operation," they are closed, seemingly for good. **John Figliozzi** has confirmed this with **Paul Lannuier**. The store is for rent, blinds drawn. Gilfer opened its doors in 1952. Over the years I had always found it a pleasure to deal with Perry and Jeanne Ferrell, and then Paul, all of whom gave the business their personal touch. Gilfer was the first "real" commercial contact in the hobby for many of us."

For those interested in contacting Publisher **Bill Oliver** through electronic channels, try his new e-mail address <boliver@philly.infi.net>. Bill enjoys hearing from his fan club!

The addition of another Dr. Gene Scott station has prompted action by one of our committees. Country List Chairman **Don Jensen** asks me to pass along that his committee has added Anguilla (under North America) to the club's country list. Please update your copy of the list. Copies of the club's Country List and Awards booklet can be obtained for \$2.00 through **Kris Field** at the Company Store address on the back cover.

From **Paul Ormandy** <paulorm@es.co.nz> we have additional details about next year's convention in New Zealand: "Things are under way and many DXers have expressed their interest in attending. The Convention will start on Thursday the 5th of February at 3 p.m. with a welcome with a full program of activities on the Friday and Saturday, farewell and clean-up on Sunday. Friday is "Waitangi Day" here in NZ and is a holiday

ANARC SWL Ham Net

Tune in Sunday mornings at 10 A. M. Eastern Time on 7240 LSB for the latest in shortwave, medium wave and longwave listening, DX tips, and up to the minute hobby news. Contributors share their DX tips via their own amateur radio stations or by telephoning a "gateway" station who then broadcasts the relayed tips. Contributions are also accepted via the Internet Relay Chat (IRC) channel #swl while the net is in progress. Net Controls Dave Kirby N1DK, Hausie WB4JSP, and Bob Curtis W1EXZ host an always lively gang of DX monitors. (Best heard in the eastern half of NAm) Net info is also available at <http://www.trsc.com/swl_net.htm>.

for most. Registration forms will be posted soon."

Bob Padula tells us that The Australasian Shortwave Guide—Edition No. 2—Z97 will be released the first week of May. Coverage is English broadcasts to Australia and Oceania with special supplementary articles. The first edition carried a special feature about DX'ing Madagascar. A copy can be obtained for US\$10.00 direct from Bob (404 Mont Albert Road, Surrey Hills, Victoria 3127, Australia). This guide is highly recommended. In addition, Bob is setting up the "DX Radio Bookshop" which will provide mail order service primarily in support of the shortwave radio monitoring community in Australia. The Bookshop initially will be offering 17 different titles. A four-page catalogue is available from Bob at the above address.

PLAYDX carried the results of the "1st Europirate Contest Memorial M. Ravigneaux" held in late December/early

Our Motto is - "Unity and Friendship"

Contribute!

Send your loggings and QSL information off to our Distributing Editor, **Fred Kohlbrenner** (2641 South Shields Street, Philadelphia, PA 19142). He will forward them to the appropriate editor. Remember, Fred has now expanded his business to include QSL report information and totals for the Scoreboard column. He can also be reached through the Internet at: fkohl@ix.netcom.com.

January. The winner was **Maik Koehler** of Germany with 2,424 points. He was followed by **Klaus Fuchs** with 1,650 points and **Klaus Winter** with 1,550 points. Germans finished 1, 2, and 3! There were 37 participants in the contest. We have the North American DX Championships. Would NASWA members be interested in a North American pirate DX'ing contest in October? Your thoughts on this subject would be welcome (Musings?).

TDP SW-97, the "Transmitter Documentation Project", has just been released. This is edition number four which details information about transmitters used by shortwave radio stations around the world. The project is the result of more than ten years of research by Belgian DX'er **Ludo Maes**. The

80-page booklet arranges information by country. Each listing indicates the name of the station, transmitter site, geographic coordinates, call-sign, number of transmitters, power, manufacturer, type number, year of installation, and year out of service. With the help of Latin DXpert **Takayuki Inoue Nozaki**, a lot of information on shortwave transmitters in Central and South America have been added. The booklet can be ordered from TDP, c/o **Ludo Maes**, P. O. Box 1, 2310 Rijkevorsel, Belgium. The cost is US\$10.00 or 10 International Reply Coupons via priority mail or US\$7.00 or 7 IRCs via economy mail.

That's it for this month. Enjoy this month's edition of the JOURNAL; it's another good one.

FRENDX: Twenty Five Years Ago....

The Loudenboomer Report presented Charlie's Believe It Or Not: The shortest club existence on record was the Badlands DX'ers Alliance. It was organized one afternoon by three young DX'ers who made up lists, printed and mailed out a bulletin, set membership dues and closed the club in 4 hours, 12 minutes and 17 seconds—it was too much work! Among the new members was Alan Mayer and Dennis Rodman (!). Renewals included M. R. Leonhardt and Tom Gavaras (2nd year), Al Sizer (5th year), and Grady Ferguson (6th year). Ed Shaw reported the 1972 ANARC Convention would be in the Boston area. In the Shortwave Center, Don Jensen writes about "Broadcasting From Kashmir". In the "Open Mike," Charlie Loudenboomer of Transylvania notes: "The station noted in the April SWC with an IS of a piece of Asian pottery being smashed is obviously Radio Bang-la-Dish." Country List additions included Bangladesh and United Arab Emirates. Larry Magne presented his first Log Report column.

NASWA

Visit our club home page on the World Wide Web at <http://www.anarc.org/naswa/>

PLEASE NOTICE:

Because this issue contains the complete English Schedule, many of our regular columns like Tech Topics, Equipment Review, Library, and Shortwave Center are not included. They will return in the June Journal.

More Shortwave Downsizing

The broadcasting arm of *The Christian Science Monitor* has announced that it has put its Monitor Radio news service, including the ten year old shortwave service **Monitor Radio International**, up for sale. Attempts to make the service self sufficient have failed and the Monitor has decided to get out of the broadcast news business. A statement issued by the Monitor also cited declining shortwave audiences as another determining factor. The shortwave transmitters in South Carolina and Saipan are also for sale or lease. Programming via Public Radio International (PRI) and the shortwave stations will continue at least until June 30. PRI has apparently expressed some interest in taking over aspects of the service. The Monitor said it will stay in the religious broadcasting business by leasing time from domestic broadcasters around the world.

In Australia, according to reports in the newspaper *The Age* and from Radio Australia's web site itself, the government's cabinet has reportedly decided to recommend in its budget submission that **Radio Australia's** budget be hacked to about A\$7 million, about a third of its present size. This would likely force the closure of the popular Asian and Indonesian services. Remaining would be a satellite and shortwave English language service to the Pacific and Papua New Guinea and the Tok Pisin service to the latter. Lost will be the jobs and expertise of half the current staff of 150. Derek White, Radio Australia's director, expressed dismay that the government has apparently decided to ignore the record and recommendations of the Senate inquiry into Radio Australia and to recommend closure of the Asian services, which provide the majority of the Radio Australia audience. He expressed hope that at least the Indonesian service could be saved and that the traditional independence of the

ABC will lead it to seek to preserve as much of the Asian service as it can even in light of the cabinet's recommendation.

It is becoming increasingly clear that the attacks on the ABC and Radio Australia stem from the current government's hostility toward public broadcasting in general. The specious nature of the research conducted for the Mansfield Commission Report (see March EL), the blatant disregard for the record developed by the special Senate inquiry into Radio Australia and the rather transparent efforts of the Minister of Communications, Senator Alston, to destroy the traditional independence of public broadcasting in Australia belie the official position that these actions are necessary for budgetary reasons. The A\$14 million ostensibly "saved" by this act is an insult to the intelligence of thinking Australians. Furthermore, the targeting of the Asian and Indonesian services point to a desire on the part of the government to placate Indonesia, China, Vietnam and some other Asian nations all of whom at one time or other have complained to the Australian government about coverage of their respective nation's human rights shortcomings among other activities by an independent and objective ABC and Radio Australia. The manner in which this issue has been handled by the government should give pause to those in Australia who feel they still live in a representative democracy. At least in this one instance, the evidence would not appear to support such an assertion.

Next month: an analysis of the state of international public broadcasting and the shortwave medium.

BBC World Service Highlights

Listings are for the Americas/Europe stream. Days and times are in UTC. Frequencies for North America include 5965, 5975, 6175,

6195, 9515, 9590, 9895, 11750, 11865, 15220 and 17840. In a few cases, programs can be heard via the Americas/Europe stream only on frequencies intended for Europe. These are denoted with an * and these frequencies usually are listenable in parts of North America: 15485, 12095 and 9410. Times marked with an # means that the program also can be heard in western North America via the Asia stream on 9740.

Current Affairs

In Election Special (1st 2205, 2305; 2nd 0005, 0110, 0230), Robin Lustig anchors coverage of the British Parliamentary elections with former MP and political columnist, Matthew Parris, as the studio commentator. BBCWS Political Correspondent Philippa Thomas will analyze the results with a panel of representatives from the three main political parties. All 659 seats are being contested of which 321 were occupied by the Conservatives, 273 by Labour and 26 by Liberal Democrats in the last Parliament. **International Question Time** continues (Sat. 1401—live) until the 25th. (See April's EL for details on how to participate.)

The Arts

A Private View is a 5-part series (Tue. starting 13th 0145, repeated Thu. 0530) in which a well-known figure conducts an audio tour of his or her personal artistic collection. Some of the events covered in **Meridian** this month include the Cannes Film Festival (**On Screen**); the centenary of the first publication of Dracula and the 25th anniversary of the Index on Censorship, which publishes banned writings (**Feature**); a new production of Hamlet in Stratford (**Live**); and the Birmingham Readers and Writers Festival (**Books**). (See April's EL for *Meridian* broadcast schedules.)

Classical Music

The Composer(s) of the Month (Thu. 0730, 1530#) are Andrea and Giovanni Gabrieli, a 16th century Venetian uncle and nephew who were prolific and versatile writers of both sacred and secular music and have influenced generations of European composers through their use of the vast space within St. Mark's Cathedral to create spectacular stereophonic musical effects. (East coast lis-

teners will have to set their tape recorders.) **Concert Hall** (Sun. 1515) devotes May to the music of Baltic composers. **Performance** (Wed. 1515) focuses on the Anglo-Austrian string group, The Amadeus Quartet. And contrary to what I reported last month, **Record News** (Thu. 1230, 1730), which features reports about the classical music recording industry, has not been discontinued.

Drama and Readings

Here are the **Plays of the Week** (Sat. 2230; repeated Sun. 0530, 1830*) for May:

Srebrenica (3rd/4th) is an acclaimed documentary drama which was first staged at the Tricycle Theatre in London last October. It brings to life the accounts given at the International War Crimes Tribunal in the The Hague by the victims, the Bosnian Serb aggressors and the commanders of the Dutch peacekeeping force of the events surrounding the fall of the UN "safe area" in July 1995. This production features the original cast, which have recreated this drama for radio.

Mirad—A Boy from Bosnia (10th/11th) is the story of a 14 year old refugee of mixed Bosnian, Croatian and Serb descent living with foster parents in Holland, who is intent on avenging the death of his father and sister.

A Very Rare Bird Indeed (17th/18th) is a new play by Peter Tinniswood about a woman desperate to find love.

My Goat (24th/25th) uses the bombed out city of Beirut in 1982 to provide the setting for a play about the interrelationship between kidnapper and hostage.

Aman (31st/June 1st) is an intimately personal story of a young Muslim girl's coming of age in the 1950's and 60's.

Off the Shelf (Mon.-Fri. 0715; Tue.-Sat. 0345) begins May with Bram Stoker's *Dracula* (begins 5th). Beryl Bainbridge's *Every Man for Himself* (begins 19th) is also a ten installment reading of a Booker Prize shortlisted novel based around the events leading up to the sinking of the Titanic. This month's **Short Stories** (Sat. 1245; repeated

Mon. 0030) come from Norway, India, Canada, Kenya and China.

Education

Learning Zone begins two new six part series this month: *Sound Business: Marketing* (Sun. 2310 starting 11th) and *Visions of Reality* (Fri. 1230 starting 16th).

Entertainment

In Good Voice (Sat. 1901*; repeated Mon. 0330) features folk-rock singer Maddy Prior selecting, over the next six weeks, some of the best unaccompanied "a cappella" singing from around the world from the Middle Ages to the present day. **Counterpoint** continues its 12 week run. (See April's EL for details.)

Features and Documentaries

In Born a Girl (Thu. 0545, 1130 starting 22nd), teenage girls from six countries invite the listener into their homes and schools and talk frankly about their lives, options and relationships. **Danger Squad** (Sat. 1030, repeated Mon. 2130) is a five-part series which highlights five of the world's emergency services. With the June 30th British handover to China just weeks away, **Hong Kong: Imperial Orphan** (Sun. beginning 18th 1701; repeated Tue. 0630, 1130) presents six reports telling the remarkable story of how a remote colonial outpost grew to outshine the two empires which spawned it. The BBC's former Beijing correspondent Tim Luard wrote and narrates this study. A new six part series, **Keep to the Path Through Europe** (Tue. 0030, 1515), provides the listener with a radio ramble led by a guide that has an informed eye for the landscape as well as local knowledge whether it be the Baltic flatlands or the Pyrenees. (**Everywoman**, **On Your Behalf** and **Pick of the World** continue their run. See April EL for details.)

Popular Music

Jazz Expo (see last month's EL) ends its run later this month and will be succeeded by **Jazzmatazz** (Sun. beginning 25th 0730, repeated Mon. 1130) which will feature interviews with important figures in the world of jazz and explorations of the nature of jazz in all its forms in a weekly segment called "Jazz Dictionary". There will also be reviews of

recordings and performances, listener requests and plenty of music in this new half-hour program. **Turning a Tune** (Thu. 1515, repeated Fri. 0030) is a new folk music series highlighting Irish traditional music. **Hot New Country** (Sun/beginning 25th/Mon. 1530) will take the place of the **Tommy Vance Rock Show** at the end of the month. **The Vintage Chart Show** (Mon. 0730, repeated Thu. 2330) checks out hit music from this week in 1976, 1983, 1972, 1964 and 1956.

Science and Technology

Twists of Nature (Sat. starting 10th 0130; repeated Mon. 0615 and Fri. 1515) is a new six week series looking at the mystifying world of molecular biology, the study of life on the molecular level, making it understandable and interesting to the layman. (**Anatomy of Addiction** continues until the 11th. See April EL for details.)

Sport

Sportsworld (Sat. for three hours starting 1405), among other comprehensive coverage, has the Rugby League Challenge Cup Final (3rd), the English Football Association Cup Final (17th) and the Scottish Football Association Cup Final (24th).

Youth

Pop Science returns for six weeks (Sat. beginning 24th 1930*; repeated Mon. 1430, Tue. 0730) handling questions about science, medicine and technology interspersed with listener requested pop records. Write with your questions and requests to the program's host, Janice Long, at BBC World Service, Bush House, London WC2B 4PH or call +44 171 257 2691 or e-mail <popscience@bbc-sci.demon.co.uk>. (**Touched with Fire** and **The Good Relationship Guide** continue this month. See April EL for details.)

Radio Netherlands Documentaries

Unfortunately, I got a month ahead of myself in April by giving you May's documentary schedule instead of April's. Apologies for the inconvenience, but check the April EL for this month's schedule. (You see, I told you there would be some bumps in the road...)

Deutsche Welle Programming

The English service has a new head, Michael Behrens, who promises that there will be a number of changes in the months ahead. One of these will be an improved Internet service providing, among other things, up to date program information via the computer.

The venerable *European Journal* has been replaced by *Newslink* (Tue.-Sat. 0105, 0305, 0505), a new daily current affairs magazine looking at news as it develops through European eyes. *Newslink* will be putting a strong emphasis on what is happening in Europe, especially the movement toward a single European currency, while offering a European perspective on international affairs.

May 29th on the weekly *Living in Germany* (Thu. 0132, 0332, 0532), the 1997 German Garden Festival, taking place in the Ruhr region, will be featured.

The daily line-up on DW is now identical for all three transmissions to North America (0100, 0300, 0500). Each day begins with *News* and *Newslink* (see above). Daily features start around 32 past the hour and include:

Tue.—**Man and Environment** (local, national and global environmental issues)

Wed.—**Insight** (background to a major political event or development)

Thu.—**Living in Germany** (German social and political life)

Fri.—**What's New?** (four science programs rotating weekly including *Headcrash* (on computers); *Science and Technology*; *Mediamag*; and *Made in Germany* (new technologies, applications, innovations)

Sat.—**Economic Notebook** (economic trends and events in Germany and the world)

Weekend transmissions also start with *News* and continue as follows:

Sun.—**Sports Report; Inside Europe** (a

magazine offering a European perspective on the week's events) and **Mailbag**.

Mon.—**Commentary; Arts on the Air** (except **Feature of the Month** on the first week of the month) and **German by Radio**.

The following frequencies are in use for one or more of the three transmissions: 5960, 6040, 6045, 6085, 6145, 6185, 9535, 9615, 9640, 11810.

International Calendar for May

(special programs may be broadcast)

1 - May Day (various); 2 - King's Birthday (Lesotho); 3 - Constitution Day (Poland and Japan); 4 - Youth Day (China), Yom Hashoah (Israel); 5 - Cinco de Mayo (Mexico), Children's Day (Japan and Korea), Remembrance Day (Netherlands), May Day Bank Holiday (UK); 8 - Victory Day (France), V-E Day (USA); 9 - Victory Day (Russia), Liberation Day (Czech Republic and Slovakia); 11 - Joan of Arc Day (France), Mother's Day (various); 12 - Independence Day (Israel), Labor Day (Queensland, Australia); 13 - Lady of Fatima Day (Portugal); 14 - Unification Day (Liberia); 15 - Independence Day (Paraguay); 17 - Constitution Day (Norway), Armed Forces Day (USA); 19 - Ataturk Day (Turkey), Victoria Day (Canada); 20 - National Day (Cameroon); 21 - Navy Day (Chile); 22 - National Heroes Day (Sri Lanka), Unification Day (Yemen); 24 - Culture Day (Bulgaria); 25 - Independence Day (Jordan), Revolution Day (Argentina); 26 - National Day (Tanzania), Independence Day (Georgia), Memorial Day (USA), Spring Bank Holiday (UK); 27 - National Day (Afghanistan); 28 - Independence Day (Armenia); 30 - National Holiday (Croatia); 31 - National Holiday (South Africa). (Source: 1997 World Calendar)

Special thanks to Georg Simon of NASWA for DW information, Harold Sellers of the ODXA for Radio Australia news and to Rosemarie Reid of BBC On Air for assistance above and beyond the call. **Until June, good listening!**

AUSTRALIA Political turmoil in Papua New Guinea prompted *Radio Australia* to expand its PNG service; now add 2000-2100 on 6080 and 7240 kHz. (25-Mar/RA/BBCM)

...and at the same time...

On the Radio Australia news carried this morning, April 22nd, (0910) on CBC Overnight, it was announced that the Australian Cabinet has voted to preserve R.A., although with a budget cut of over two-thirds. The reduction from A\$23 million to A\$7 million will mean the loss of shortwave broadcasts to Indo-China and China. However, broadcasts to the South Pacific and Papua New Guinea will continue. Good news, but bad news. (Sellers-CAN/Four Winds/Serra-IT)

Here's a relevant editorial from the *Sydney Morning Herald*, 22-Apr:

Federal Cabinet appears to have rejected a recommendation by its Expenditure Review Committee to downgrade Radio Australia into an English-language satellite service delivered only to the Pacific region. This is a hopeful sign that Cabinet is taking a broader view of the national interest than the superficially attractive recommendation of the Mansfield inquiry that the Australian Broadcasting Corporation close Radio Australia and use the resulting savings of about \$20 million to resolve the ABC's budget problems.

The real context of any discussion about the future of Radio Australia should be Australia's role in the Pacific and Asia, not the ABC's budget. In its submission to the Mansfield inquiry, the Department of Foreign Affairs and Trade argued that the inquiry should take into account "the significant role the ABC's international services play in advancing Australia's trade and diplomatic objectives". Does Australia want to maintain a presence and an image of being an influential neighbour? Or does the nation want to opt out of promoting an Australian cultural, trade and economic viewpoint to people who have shown an interest in hearing what that viewpoint is.

The facts about Radio Australia make a compelling case for its continued existence. It transmits 40 hours of programming in English, Indonesian, Chinese, Cantonese, Vietnamese, Thai, Khmer, French and Pidgin. Its Internet site has 150,000 hits a month. More than 100,000 letters a year are received by the station. These are significant numbers and suggest a committed audience. They also indicate the influence Radio Australia can exert if Australia wants to maintain its position as a major power in this region. If Radio Australia is closed, then Australia risks confining itself to a future as Australia minor in its own region. If Federal Cabinet has definitely rejected the plan to reduce Radio Australia to an English language-only service to the Pacific region, it has acted correctly. The reach of such a service would be so limited as to be almost worthless. South-East Asia and Papua New Guinea, too, would be excluded from the service. This plan is lit-

tle more than a pretence of a service. The annual saving to the Federal Government of about \$10million, which the plan offers, is the real attraction for those putting it forward.

The ABC board announced yesterday it is seeking from the Government base funding of \$525million this year to enable it to maintain its existing domestic and international services. This takes into account the \$27million in savings from its recent restructure which will already result in 600 people losing their jobs. This is consistent with the Mansfield inquiry which recommended a base funding level of about \$500 million for the ABC's domestic services with an additional \$20million or so coming from the operational and transmission savings from the closure of Radio Australia and Australian Television.

The ABC's funding request of \$525million for 1997-98 is not an unreasonable claim upon the taxpayer, given the cuts the ABC has already made. It would enable the ABC to acknowledge the widespread community support for the retention of Radio Australia and enable Radio Australia to continue to present news and information about Australia to the millions of listeners who need the service. This, in turn, would ensure that Australia retains a significant voice in the region of greatest importance. It would also give time for the Government to consider the report of the Senate committee now inquiring into the activities of Radio Australia.

(28-Mar/Direct/BDXC/Nieuwenhuis-HOL)

BOLIVIA 4409.19 *R.Eco*, Reyes with fair signal after 2300 (17-Apr/Honzik/DSWCI DX Window)

4449.8 *Radio Frontera*, 0145, with lots of commercial for "Comercial Total, frente a la plaza Cuatro Centenario", "Comercial Silvia, con ropas para damas, caballeros y niños ... y muchos artículos electrodomesticos" as well as the local butcher (carnecería) "que le ofrece mejor calidad de carne vacuna ... en la Avenida 6 de Agosto, frente al mercado". (28-Mar/Pedersen/DSWCI DX Window)

4552.3 *Radio Difusora Tropico*, 2300, with mensajes, slight CW QRM (16-Mar/Pedersen/DSWCI "DX-Window")

4599.95 *Radio Perla del Acre*, Cobija, surprisingly good at 0145 with domestic vocals. Probably benefiting from some [April 7] flare-induced N/S enhancement. (10-Apr/Clark-CAN)

4630.8 *R. 11 de Octubre*, slightly down from previous freq, 1029 rosary. (19-Apr/Klemetz-COL/Dateline Bogota)

4854.9 *R. Centenario La Nueva* (t) 2349, with Luis Palau, heard only for a few minutes when RTTY was silent. (14-Apr/Klemetz-COL/Dateline Bogota)

4875.15 *Emisoras La Cruz del Sur*, La Paz; 1053 fair, M talk in Quechua and highland folklore. (12-Apr/Nozaki-JPN/Relampago DX)

4923.65 *Radio San Miguel*, Riberalta, 0140, very strong but severely distorted at 0140 with promo annts and full ID between vocals hosted by male announcer. Most of the readable audio was in the LSB. (10-Apr/Clark-CAN)

4930.1 *Radio Norte*, 0050, with classical music, such as Wassermusik. At 0103 suddenly gone, without formal s/off. (28-Mar/Pedersen/DSWCI DX Window)

5923.3 *Radio Pio XII*, 2335, in Aymara and a few public service announcement in Spanish. (17-Mar/Pedersen/DSWCI "DX-Window")

5952.3 *Radio Pio XII*, 0110, mostly in Aymara, but some info in Spanish on the upcoming Easter parades: "El tren de Octubre se va a dividir en dos grupos, uno que va a ir por esa avenida, y el otro grupo va a ir por la Plaza del Minero..." (28-Mar/Pedersen/DSWCI DX Window)

4777 *Radio A.N.D.E.S.* verie states that this union station is operated by non-professional personnel. Professional persons do not want to work at the station because of the low salary, the distance and the cold. Their original goal was to operate a transmitter of 1000 watts in order to be heard 200 kilometers from the town of Uyuni, and they were totally surprised to receive reports of reception from so many parts of the world. They refer to themselves not as Radio Andes but as Radio A.N.D.E.S., both on their letterhead and on the typewriter, but I cannot determine what, if anything, the letters stand for. The letterhead also bears the slogan "La Voz de los trabajadores Campesinos A.S." ("trabajadores" is in lower caps on the letterhead and the letterhead says "A.S.", not "S.A."). The station enclosed a brochure dated November, 1992 in which FRUITCAS (the campesino union) proposed that they build a radio station. They felt that they needed a short wave radio station because of the difficulty of communicating between union members spread over 5 provinces due to the poor roads. A radio station would be able to broadcast news and information, send messages, and enable the union members (it is a farmers' union) to know the prices of their agricultural products in the markets in the different communities. They calculated the cost of the station would be \$103,466 (they stated the amount in U.S. dollars) and asked that each family contribute 5 Bolivianos in 1993. They do not seem to have named the station at that time but rather showed drawings of the proposed station with a sign saying "RADIO CAMPE-SINA". (21-Mar/Lazarus/DSWCI "DX-Window")

9624.92 *R. Fides*, 1820-1843, salutations and comments pgm, ID at 1825 as "senores de Radio Fides...", at 1843 "a todos los oyentes de Radio Fides", then mx. (29-Mar/Barrera-ARG)

9717.12 *R. La Plata*, 1731-1818, a very nice selection of folk music and salutations, ID at 1759 as "Radio La Plata", then pgm "Confidencias." (29-Mar/Barrera-ARG)

Mr. Carlos Palenque Aviles, the owner of *Radio Metropolitana* (6194.9), La Paz, Bolivia, has passed away in March 1997. In consequence, the station has been renamed to Radio Carlos Palenque and the V/S will be Mr. Palenque's widow (name unknown). Information from Rogildo Aragao, DX Clube Paulista, Brazil. I heard them on 16 April at 0930 with clear ID as "Radio Carlos Palenque." (deCastro-BRZ)

BRAZIL 2419.98 *R. Sao Carlos*, 0134-0151, PP, end of program "bouna noite amigo", then rlg pgm by M & F announcers. (29-Mar/Barrera-ARG)

2490.13 "98 FM A Voz da Radio", (ex-Radio Oito de Setembro), talk M announcer in PP, lots of IDs as "98.7 FM" and "98 FM A Voz da Radio", pgm hosted by F&M announcers, music. (28-Mar/Barrera-ARG)

6850(H) ZYK243 *R. Veneto*, Flores da Cunha, RS (5 x 1370). Finally IDed this one after careful checking and A LOT of luck!: 2055 Comments after a soccer match w/ interview to the coach of a Rio Grande do Sul team: "Ta bon, obrigado tecnico...da equipe do 'Gaucha' falando na Radio Veneto, falando para 'Electronica Fable' (sp?), concertos em geral..." QSB a la MW, rising and falling sigs every forty seconds or so, from QSA 0 to 2. Low pitch background het. Luckily, no UTE QRM at this time. (13-Apr/Ni-gro/DSWCI DX Window)

11704.9 *R. Transmundial*, caught part of canned ID at s/off, after a 30-min. prgr called "Resposta franca" containing suggestions on how to tackle problems of living together in marriage, "... a sua R. Transmundial pela Nova Visao, de Santa Maria, Rio Grande do Sul, uma emissora da Fundacao Brasileira da Comunicacao". Call signs given as ZYE857 5965, and ZYE858 11705, which is different from what the WRTH says. During the Q and A prgr, short references to "RTM" were noted as well as in-between ID's saying "Esta e a sua R. Transmundial" and "R. Trans-mundial, a radio que esta com a palavra". Fair signal. (19-Apr/Klemetz-COL/Dateline Bogota)

11724.8 *R. Novas de Paz*, canned ID 2130, "as ondas curtas da R. Novas de Paz, ultrapassando barreiras e chegando ate voce", followed by "Cruzada misionaria" prgr. Fq's mentioned in ID were 11725 [not so in WRTH], 6080 and 9515 kHz. Sudden s/off 2200 after TC for "7 horas". Fair signal. (18-Apr/Klemetz-COL/Dateline Bogota)

Radio Cultura de Foz do Iguacu, Parana State, has been split into two different companies, although keeping the same name Radio Cultura.

R. Cultura AM 820 kHz, 10 kW, belongs to Mr. Milton Rodrigues Filho and is managed by Mr. Wilson Batista. Addr. = Rua Marechal Floriano Peixoto 1123, P.O. Box 312, Foz do Iguacu PR Brazil, zip 85851-020, phone (045) 523-1133.

R. Cultura SW 6105 kHz, 7.5 kW, belongs to Mr. Antonio Cirilo and is managed by Mr. Francisco Pires dos Santos. Addr. = Rua Dom Pedro II 196, P.O. Box 84, Foz do Iguacu PR Brazil, zip 85852-520, phone (045) 574-3010.

The 97.7 MHz FM also belongs to Mr. Cirilo, but relays Rede Transamerica. The building is painted with Transamerica logo. The manager is Mr. Ary Lemos and the addr. is Avenida Costa e Silva 374, Foz do Iguacu PR Brazil, zip 85852-520, phone (045) 522-1977.

The former manager of old **R. Cultura** (MW + SW), Mr. Ennes Mendes da Rocha, is now retired. (DeCastro-BRZ)

BULGARIA Radio Bulgaria noted on new 13710 and 11660 with SS to Americas 2210. Also on new 5850 with Bulgarian 2120. (30-Mar/EDXP/Padula-AUS)

CAMBODIA 11940.4 National Voice of Cambodia with regard to the recent loggings of this station in the 1245 to 1300 slot. Ed Rausch and I have found that they have several regular periods of extended dead air. The first seems to run from 1246 most usually after program anncs from a male announcer and the second from 1250-1253 followed by anncs by a femal annrc. If you identify a station on that frequency but have no audio, stay around. Most likely they will beginrunning SEA MX or anncs soon. (Rippell/Cumbre)

6030 kHz **CFVP** will probably be relaying progrs of a local Chinese group between 0400 and 0600 starting on Apr 16th, according to a Calgary newspaper. Apple Radio is aimed at immigrants from Hong Kong, so the bcs will be primarily in Cantonese although Suns may have Mandarin progrs. The groups studios will be at 901 Centre St. N. in Calgary. Apple 1060 will air nx from Hong Kong, local nx and weather, features, humor and musical selections that will include the CKMX 1060 playlist. There will also be phone-in shows. No mention was made of the SW relay in the press clipping, but I would suspect that it will be relayed intact. I will be checking on this one in the coming weeks. (5-Apr/Fisher-CAN/Cumbre Dx/WWDXC/Bueschel-FRG)

CHILE 3180.5a CD159 R. Llanquihue, Llanquihue (Pto. Montt), (2x1590), 0040 Soccer match: "Coquimbo vs. Palestino" w/ a show of goals!

Gave up listening at 0126, my ears were tired! (6-Apr/Nigro/DSWCI DX Window)

Status of inactive Chilean stations by Felipe Asenjo: *Radio Agricultura* 9630—I met with their new General Manager, Horacio Hernandez, about two weeks ago. I asked them about their future plans for SW and I offered to help them get back on the air. Horacio was interested in doing so, but the station has no budget for this. Their old 10 kW transmitter was modified to operate on MW and was sold to a station in Los Angeles (CD120 on 1200 kHz). The station only has a 1 kW transmitter now.

Radio Minería's transmitter, 9750, and antenna were sold for scrap in 1991 when the station was having financial problems.

Radio Portales still has a transmitter but their antenna as taken down in 1990.

There are no plans to revive the SW operation as the st is facing financial difficulties.

Radio Universidad de Concepcion is having financial problems and their SW transmitter needs some tubes. The antenna is ok, though. The station is only on FM now as their MW operation has been sold to OCTAVA (CC68). (10-Apr/Cumbre DX/EDXP/Padula-AUS)

(23-Mar/direct/van Oudheusden-HOL/BDXC/Nieuwenhuis-HOL)

ECUADOR HCJB observed on new 11990 with EE 2130-2157*. Also noted on new 5865 with EE to Europe 0800-0900, both on 4/4 (11-Apr/Hambly-AUS/EDXP/Padula-AUS)

EGYPT 9295 R. Cairo at 1505 with news in Arabic, by M/W then ID at 1510 with "idaatu l arabiya min hasemiya min(not clear here)" At 1515 with Quran then at 1530 with telephonic reports after a song play at half hour. News again at 1605 with ID at 1610 (again not clear) //10265 Suffered from a signal problem and bad modulation. I can presume it is a spurious signal. ID verified on 18 following another reception of Cairo's transmission on 31mb. Both good signals (15-Mar/Liangas/DSWCI "DX-Window")

ETHIOPIA Radio Ethiopia is heard at 1800 with news in Amharic on 9706.1, // 7110 as noted on Mar 1st. The 31mb transmitter has drifted up about 300 Hz over the past two months and the audio level is quite low. The External Service in English is aired at 1600-1700 with news at 1630 on 7165, 9560 & 11800 kHz. (March/Foster/OZDX/Cushen/WRR/Four Winds/Serra-IT)

FRANCE RFI noted on new 7350 with French 2120 (11-Apr/Padula-AUS/EDXP) RFI in French 1700-2000 5900 in lsb!, 2000-2200 in usb!, in Arabic 1600-1755 on new 11650 kHz. (4-Apr/PanView-BUL/WWDXC/Bueschel-FRG)

Voice of Hope via Dusheti, Georgia is using 9315 kHz for English 1800-2000. Announcements during the program give a UK address for listeners' correspondence of PO Box 109, Hereford, HR4 9XR. (BBCM)

GERMANY DW Z97 notes: Error in published technical DW schedule - service to ex-Yugoslavia via Sines/Portugal 1200-1430 on 15545 with 250 kW, not 500 as listed. So are speculations about a new transmitter at Sines unfounded; again only 3 x 250kW Marconi units there. The 100 kW unit in Nauen, used for DW Ge 0600-1000 and 1300-2000 on 6140 and Radio Netherlands EE 1030-1230 on 9860, is now as last transmitter from Radio Berlin International again on the air. The old Komintern and BBC 500 kW units at Nauen are shut down, 500 kW frequencies completely transferred to new ALLISS units. [The Leipzig-Wiederau SW transmitter was shut down in 1991, Koenigs Wusterhausen site in 1994.] At Wertachtal they had to erect a new antenna for 75 meters to bring DW's 3995 night channel on the air. The Telefunken 500 kW transmitter can be tuned to these frequencies without modifications. (15-Apr/Ludwig-FRG/EDXP/Padula-AUS)

IRAQ The following Iraqi domestic and external radio services were observed during checks on 31st March and 1st April: *Mother of Battles Radio* was observed signing on at 1700 on 1st April on 3935 kHz. The radio announced that it broadcasts on 693 kHz to the Arabian Peninsula and the Arabian Gulf; on 1377 kHz to Syria, Lebanon, Palestine, Jordan and Egypt; and on 9745 kHz to the Arab Maghreb countries. However, attempts to trace the radio on these frequencies were unsuccessful. The frequency 693 kHz relayed the Iraqi Radio's main program throughout, although it had carried *Mother of Battles Radio* the previous day. No Iraqi radio services have been observed on 1377 kHz for several months. The radio has also not been traced on or around 9745 kHz during repeated checks this year.

Republic of Iraq Radio's Kurdish service was observed on 6560 until fadeout at around 1700. Republic of Iraq Radio's Voice of the Masses service could not be traced on any of its listed frequencies. (BBCM)

Voice of the People of Kurdistan, the radio station of the Patriotic Union of Kurdistan, announces sked:

JAPAN As you may know from reading the PWBR and the WRTH, Japan has some low-powered relays of some of its domestic services on shortwave. When I lived in Colorado, I was able to hear some of these relays from time to time. During my recent expedition to Hawaii, I was able to hear a few of them ev-

eryday. What was frustrating is that they never ided (at least from what I could tell), even at sign off. I asked Mr. Sonny Ashimori of Japan for his help and here is his wonderful reply (Johnson): I can add nothing to the transmission schedule published in the WRTH, but they seem to be on almost every day and I hear them with excellent reception. These shortwave relays do not identify themselves, not even when they sign on or off (unless that coincides with the main station's ID time). They simply relay the AM radio programming of the particular stations they originate from, some Radio One (general), others Radio Two (educational), as you can see in the WRTH. NHK domestic AM radio IDs are heard at 50 seconds past the following times during the day:

Radio One: 1959 (s/on), 2059, 2359, 0259, 0959, 1159, 1459*

Radio Two: 2029 (s/on), 1219, 0029, 0719, 1319, 1459 (s/off)*

On most nights Radio One does not sign off. They broadcast all night, then start a new broadcast day at 5 AM (2000 UTC). ID form is always "(location) Dai-Ichi (or Dai-Ni) Hoso desu. (call letters)," e.g. Radio One: "Osaka Dai-Ichi Hoso desu. JOBK." Radio Two: "Osaka Dai-Ni Hoso desu. JOBB." Some stations omit the verb "desu" after the station name. (26-Mar/Ashimori-JPN/Cumbre DX)

Note: Some freq. of 0500-0600 end at 0530. (Robert K.)

KIRIBATI 9809.93 *Radio Kiribati*, 0535-0559, hrd first time on this NF w/continuous selections of distinctively island music, albeit at very weak level; 0559 unreadable anmts by woman followed by presumed R. Australia news by man 0600 but signal faded right into the mud. Tried for this after noting unusually good WVVH on 10 MHz at 0500. (8-Apr/Clark-CAN)

KOREA-NORTH 3025 kHz *Young Soldiers Broadcasting Station* presumed the one reactivated here. 1530-1630 not //1615 (separate programs of similar contents are aired simultaneously). Endless war drama, patriotic songs, soldiers shouting "Long live Comrade Kim Il Sung!" etc. No ID heard today. This st was not heard on this frequ for quite some time. (4-Apr/Ashimori-JAP/Cumbre Dx/WWDXC/Bueschel-FRG)

R. *Pyeongyang* new 4405 kHz at 1215-1230, Spanish progr feeder, to SoAM//6575 9975 11335 kHz. (4-Apr/Schulze-PHL/WWDXC/Bueschel-FRG)

KOREA-SOUTH *RKI* 297 new services: 9640 0800-0900 Japanese // 5975 7275, 9640 0000-0100 Japanese //11810. (4-Apr/Ashimori-JPN/DXW/EDXP/Padula-AUS)

LAOS The External Service of the *Lao National Radio* is on 1030 kHz only. (15-Apr/Lohuis-LAO/WWDXC/Bueschel-FRG)

MALAWI 3380 *MBC* Limbe 1955-2020 EE Reading of a locally written and produced play "Letter from a Dead Man" I/D W NX concentrating on local southern African items, mostly read in Chichewa, one or two short EE items on to pop MX. 22222 due to the ever present RTTY signal. Much better LSB— Seems he is still there but not always audible, or does he only use this frequency weekends? (18-Apr/Clemilton/DSWCI DX Window)

MALAYSIA The *Voice of Malaysia* external service in English is not operating as listed in WRTH: English is actually aired at 0455-0825 on 6175, 9750 and 15295 kHz. (Padula-AUS/EDXP/ODXA World Radio Report/Clark-CAN)

4895 R. *Malaysia, Kuching* often, e.g. 2300. Also 4835, 4845, 5005 observed (18-Mar/Krone/DSWCI DX Window)

4970 R. *Malaysia, Kota Kinabalu* gave ID as such 28/3 0818 Fair/strong (28-Mar/Krone/DSWCI DX Window)

9750 *Voice of Malaysia* 0715 English lang service with Creedence Clearwater Revival //15295—both strong (30-Mar/Krone/DSWCI DX Window) 9750 *Voice of Malaysia* with Malay song of Ziana Zain at 1718 21x31coQRM with a arabic station which 60% covered them. (2-Apr/Liangas-GRC/DSWCI DX Window)

MALDIVES *Voice of Maldives* will return to shortwave, probably later this year. The current MW transmitter, located in Male, is unable to provide reliable reception to the atolls in the southern part of the country. Australia, which has donated much of the Maldives' other transmitting equipment, has agreed to provide a shortwave transmitter. The President of the Maldives will soon be travelling to Australia for the handing over of the transmitter. It is estimated that the transmitter will use a frequency in the 60mb and have a power of 1.5 kW. All of this per Ahmed Ibrahim Didi, who lives in the Maldives and is monitoring the situation. (Didi/Cumbre DX/ODXA World Radio Report/Clark-CAN)

MONACO 297 sked for *TWR-Monte Carlo* shows EE: 0645-0655 Sat-Sun, 0655-0820 Mon-Fri, 0655-0835 Sat, 0655-0850 Sun, all on 9755 for Europe. (Peachman/EDXP/Padula-AUS)

MONGOLIA R. *Mongolia* is well heard on 9720 at 1500-1530 EE. (3-Apr/das Gupta-IND/EDXP/Padula-AUS)

MOZAMBIQUE 3277 *Delegacao de Beira Dondo* 2006-2020 Swahili M Regional NX mentions made of almost all Southern African countries but NX remained principally that of ex-Portuguese Colonies. (28-Mar/DSWCI DX Window)

MYANMAR 6570.01 *Defense Forces Bc.*, 1055-1101, Vernacular, asiatic folk mx by chorus, talks M & F, probably ID at 1059 w/drums, then music. (29-Mar/Barrera-ARG)

NETHERLANDS ANTILLES RN-Bonaire noted on new 11880 with SS at 2230, bad QRM co-channel RAI-Rome. (4-Apr/EDXP/Padula-AUS)

PARAGUAY per *Radio Guaira*, station slogan is "voz de progreso y cultura en el corazon de la patria." The station runs on ZP6 840kHz, ZPA6 5975kHz and ZPV6 103.5MHz. The shortwave outlet is currently scheduled at 0500-2200 local time. Transmitting plant is located at Av. Espana y Bvar. Yegros. (Nozaki-JPN/Relampago DX)

PERU 4004.9 *R. La V del Campesino* is gone. (Klemetz-COL/Dateline Bogota)

4419.3 A letter from *R. Bambamarca "Frecuencia Lider"* (4419.3 kHz), Carlos A. Peralta says they will put yet another signal on SW, on approx. 4300, in a few weeks time. The stn will be called Estacion Norte. The new *R. San Juan*, on 4420, has not been bothering too much, he said. (Klemetz-COL/Dateline Bogota)

4830.6 *R. Lircay* once more in the clear during R. Tachira outage, 2230-2320. (19-Apr/Klemetz-COL/Dateline Bogota)

4870.09 *Radio Majestad*, Huancayo; *1100-1137 p signal. Many huaynos and several canned IDs. "Transmite Radio Majestad desde la incontrastable ciudad de Huancayo, en el Departamento de Junin, Peru.", "Radio Majestad, sintonia total, con sus estudios en Calle Real 1033 oficina 302 ciudad de Huancayo, Peru." Many thanks PFA for this tip viz Chasqui DX 99. According to the frequency list of MTC issued in January 1997, "Radio Majestad S.A." was licensed to make an experimental transmission for one year, on the frequency of 4870.0kHz with an output power of 1kW under the Ministerial Resolution No.0230-95-MTC/15.17, dated June 28, 1995. Its call sign is OCX4T. When I visited Sonorama Radio (OCY4G 1100kHz) at Calle Real No.270, El Tambo in Huancayo, in January 1995, the station owner informed me that they were planning to establish a new shortwave station in Huancayo using the former shortwave transmitter of Radio Pampas (4854.3kHz). As far as I remember, Radio Pampas ceased its transmission several years ago, and shortly afterward, its transmitter was transferred from Pampas to Huancayo. The registered address is Calle Real No.420, but "Calle 1033 oficina 302" should be correct one. (12-Apr/Nozaki-JPN/Relampago DX)

4914.43 *Radio CORA del Peru*, Lima; 0800-0820 fair, canned full ID "Transmite Radio CORA del Peru, onda media OBZ4W en 600kHz y onda corta tropical OAZ4N en 4915kHz desde Lima, Peru.", then into

non-stop "musicaailable" px. (12-Apr/Nozaki-JPN/Relampago DX)

4969.13 *Radio Imagen*, Tarapoto; 1006-1050 fair, the first morning show "El Tuta Tuta Madrugador" with varied music and light talk, was produced by Harry del Castillo. The Quechua word "Tuta Tuta" means "between light and dark" in English. Announcer said the program was on the air at 0500-0630 local time from Monday to Saturday. At 1029 the station identified itself as "Desde Tarapoto para San Martin, el Peru, y el mundo, por los 102.3MHz frecuencia modulada estereo, 1160kHz onda media, 4970kHz onda corta banda internacional de 60 metros, transmite Radio Imagen, la radio que hace amigos." (12-Apr/Nozaki-JPN/Relampago DX)

5014.8v *Estacion Tarapoto* has been off the air for months. (Klemetz-COL/Cumbre DX)

5024.98 *R. Quillabamba*, 2240-2303 with a special program by the Eastern week. (27-Mar/Barrera-ARG)

5470.73 *Radio San Nicolas*, Rodriguez de Mendoza; 1126-1130 weak signal. M talk and OA folklore. (5-Apr/Nozaki-JPN/Relampago DX)

5766.98 *Radio Universal*, Moyobamba; slightly drifted down from 5767.12kHz. Noted at 1130. signal was weak. (5-Apr/Nozaki-JPN/Relampago DX)

5926.55 *Radio Peru*, San Ignacio; 1131-1140 p. Folklore cajamarquino and saludos. (5-Apr/Nozaki-JPN/Relampago DX)

6018.14 *Radio Victoria*, Lima; 0823-0834 fair signal, religious px "La Voz de la Liberacion". // with its 31mb outlet. (12-Apr/Nozaki-JPN/Relampago DX)

6045.33 *Radio Santa Rosa*; 0840-1137 poor, it is currently operating for 24 hours on shortwave. (12-Apr/Nozaki-JPN/Relampago DX)

6096.3 *R. Interoceanica* (t) thanks PFA tip. Most days just a het about 1100, but finally got some audio (guys talking in Spanish) at 1050 on the 25th. I don't think their sign on is at 1000 as the channel is clear at this time. I believe that Monitor Radio starts at 1030 and this is when things get tough. (22-26-Mar/Johnson/Cumbre DX)

6261.1 "*Radio JL*" is what I am hearing here, s/ on 2345z and probably on the air until 2300, if one is to believe their anncts. On Mar 25, an ID at 0110, in the course of music progr "Noches variadas", ran like this: "Esta es Radio JL que transmite del centro comercial de Consuelo para toda la region San Martin". Ads for establishments in Consuelo, which I cannot find on any map, viz. Electronica El Futuro, Taller de mecanica El Magnifico, Comercial Jaen. From the ID one might conclude that Consuelo is the name of a shopping mall, but from DJ small talk it rather seems that Consuelo is a village, located perhaps not too far from San Pablo, which, in turn,

is in the vicinity of Saposoa. Greece-6260 provides quite a lot of QRM. (Klemetz-COL/Cumbre DX)

6797.8 R. *Ondas del Rio Mayo* has been using a 1 kW Petrick transmitter for about a week only. The transmitter was recently brought back from Lima, said mgr Edilberto Peralta Lozada when I called him on the stn's brand new phone, +51 94 560006. He was happy to learn that they are getting out a lot better now than before. In canned ann'cs, the stn says they are on MW 1490, call sign OBX9N, and 94.5 FM stereo. SW is not mentioned, though. [Just for the record, the cordillera next to Nueva Cajamarca is called Mamanhuasi, not Huamanhuasi, Peralta explained]. In principle, Peralta will QSL, "but some letters are lost in the mail, you know", he said. (Klemetz-COL/Dateline Bogota) [most likely the ones without the \$\$ in them...-AQ]

9721.63 *Radio Victoria*, Lima; 0821-0823 weak signal, religious px "La Voz de la Liberacion". (12-Apr/Nozaki-JPN/Relampago DX)

May 11 is Mother's Day ("dia universal de la madre") in Peru, which is an excellent occasion to look for Peruvians on extended sked. Certain Peruvians have been heard gearing up for the event, by reading names of moms that can expect to be greeted on the air. (Klemetz-COL/Dateline Bogota)

PHILIPPINES *Radio Veritas* Asia observed on new 6075 2226-2236 in En/Filipino; New broadcast. Very strong. (3-Apr/van den Boogert/EDXP/Padula-AUS)

Now active again: DZB II *Dalawa Radyo Mindoro*, FEBC, Baco, Mindoro Isl. on 3345.8 kHz at 2150-2331. Tagalog and dialects, some Engl ID's, nx at 2200-2203, 2245 nx, 2328 closing announcement, 2330 National Anthem, 9 x birth call, signing off at 2331*. First heard again on April 8th. After long absence time of about a year. (8-Apr/Schulze-PHL/WWDXC/Bueschel-FRG)

PORTUGAL Updating last month's sked: *RDP* in Portuguese 1700-2100 replace 6130 with 7110, 1700-2200 add 9655. EE/FF Mon-Fri 2100-2200 add 6140 (ex-6130) and 7110. (4-Apr/PanView-BUL/Bueschel/WWDXC/Bueschel-FRG)

RWANDA *DW-Kigali* noted on new 11990 opening at 2200 with GG to Waf and Am. (5-Apr/EDXP/Padula-AUS)

Interesting footnote on the role of radio in Rwanda's 1994 wave of genocide: Brussels: The accounts and list of shareholders of *Radio Mille Colines* (RTLM), to which this newspaper has gained access, provide the first evidence that assassinated Rwandan President Juvenal Habyarimana was the principal shareholder in this station which broadcast messages of hate. He bought 200 shares of 5,000 Rwandan francs each, worth a total of one million Rwandan francs, or 250,000 Belgian francs. Habyarimana always denied having anything to do

with this extremist radio station which in 1994 called for a genocide and constantly described the Tutsi population as "cockroaches."

The list of 1,125 Rwandan shareholders also shows that the president's close family and nearly all his powerful associates, the president's so-called "akazu", had firm control over RTLM.

The fact that Habyarimana was the principal shareholder in RTLM sheds a whole new light on the steps taken by former Belgian ambassador Johan Swinnen, former Defence Minister Leo Delcroix of the CVP [Christian People's Party] and former Foreign Minister Willy Claes of the SP [Flemish Socialist Party] to induce the Rwandan president to curb the excesses of RTLM. Habyarimana promised that he would try to do this but that "owing to the freedom of the press he could not promise anything".

Whether or not this new information also gives any clarification to statements by Willy Claes about RTLM is another matter. In a telegram dated 1st April 1994 the SP minister complained about the anti-Belgian tone of the radio station, "the financing of which we are aware of." The senators on the Rwanda Committee will no doubt be asking Claes about this.

The list of shareholders also shows that all levels of the genocide machine were involved with RTLM: Habyarimana himself, the notorious Colonel Bagosora, the financial world, intellectuals, ministers, members of parliament, mayors responsible for the local organization of the genocide and finally the perpetrators themselves who carried out the slaughter with their machetes.

It's clear from the extremist ideologues who were actively associated with the station and bought shares in it that from its launch in April 1993, RTLM was intended to be an outlet for racism. The most well-known of these is Ferdinand Nahimana, who in 1990 and 1991 attended two ABOS [General Development Cooperation Authority] training courses at the BRTN [public Dutch-language radio and TV network in Belgium] and RTBF [public French-language radio and TV network in Belgium]. His name is number one on the list.

There are no Belgians on the list of shareholders, but a few French and Canadians. (15-Apr/'De Morgen', Brussels/BBCM)

SAUDI ARABIA BSKSA Holy Qu'ran in Arabic: 0300-0600 11785 11870 (x9740, x11935), //9553 9618 9718 17720 kHz. Swahili 0500-0600 17755 (x17760). Indonesian 1000-1150 new 21640 (x21665). (4-Apr/PanView-BUL/WWDXC/Bueschel-FRG)

SEYCHELLES Due to interference **FEBA** Radio is now using 7365 (ex 7350) in Tamil 0115-0200 and

Telugu 0200-0230 to India. (28-Mar/das Gupta-IND). Also noted on new 11600 (ex 11640) at 1257-1415. Back on 7350 after a brief stay on 7365 at 0112-0228 in Tamil & Telugu to India. (3-Apr/das Gupta-IND/EDXP/Padula-AUS) Official Z97 sked shows English 0800-0900 Fri to SAs 15540, 1500-1530 Tue-Sat to SAs 11600, 1500-1545 Sun-Mon to SAs 11600. (Padula/EDXP)

(Otto/SENTECH web site) Address is PO Box 1250, FL 9490, Vaduz, Liechtenstein. Fax (as announced) Liechtenstein 4175 232 3882. (2-Apr/Bannert-FRG/Ludwig-FRG/EDXP/Padula-AUS)

According to audit figures, the 16 SABC [South African Broadcasting Corporation] radio stations have lost five million listeners in the six months to November last year. These losses occurred even before the new private radio stations are due to begin broadcasting later this year. It is expected that the latest audit figures, due out at the end of April, will indicate that even more listeners are turning their backs on the SABC.

In November 1996, Ukhozi FM, previously Radio Zulu, had one million fewer listeners than in June. Of the 16 SABC radio stations, only 5FM has gained listeners; its listenership grew from 1.1m to 1.2m. Listeners to Radio Sonder Grense [RSG; Radio Without Borders] fell from 966,000 to 899,000.

Govin Reddy, head of SABC Radio, attributed the drop to an increase in the number of community radio stations which are now operating. He said the number of listeners to RSG and SAfm [English-language FM service] will show a further decline because these radio stations will be losing transmitters to more profitable radio stations; the two have many more transmitters than the vernacular-language stations.

This will lead to many listeners in rural areas no longer receiving these two radio stations. During the survey period the SABC sold off its regional radio stations and renamed its own remaining radio stations... (16-Apr/'Beeld', Johannesburg/BBCM) [could this end up impacting SABC's domestic short-wave services? Likely...-AQ]

SRI LANKA The All Asia Service of the SLBC now signs off at 1600 weekdays, ex-1630. Further, the

Domestic Service in English is now IDing as "This is the Sri Lanka Commercial Service". This is on 4940 kHz at 0025-0200 & 1000-1700; on 6130 at 0200-1000. Regarding the all night Buddhist chants intended to invoke blessings on the nation, these programs are aired on all Full Moon days, and on special occasions such as Independence Day, on 4902 and all other National Service frequencies. (Goonetilleke-SRI/BCDX/ODXA World Radio Report/Clark-CAN)

On 27 March, **BBC World Service** announced the successful completion of the sale of its World Service transmission business to Merlin Communications International, a management and employee buy-out team from the World Service's program Delivery Service.

BBC Deputy Director-General and Chief Executive of BBC Worldwide, Bob Phillips, said: "This is good for World Service and its listeners. Merlin Communications offered a competitive price, innovative development ideas and as a management team have a good staff-orientated track record.

"World Service will continue to benefit from a quality transmission service and, through Merlin's development of the business, from technical innovations and cost savings in the future."

Included in the sale are: the World Service program Delivery Service (the coordinator for delivering WS radio to its audience); World Service Transmission operations; four UK sites (one FCO-owned); and commercial contracts for hiring out transmission capacity in the UK and/or overseas; the Global Distribution System (a digital satellite system with the capacity to deliver high quality audience programs direct to transmitter sites) and a number of third party distribution contracts. The contract includes maintenance services on a number of overseas sites. (BBCM)

UNITED STATES Monitor Radio, Z97 adjustments effective 6-May:

Add: WSHB 9845 0800-0900

Del: KHBI 9845 0800-0900

(17-Apr/German/EDXP/Padula-AUS)

...and an even larger MRI adjustment...

Claiming a decline in their shortwave listenership, the Christian Science Church's Herald Broadcasting Syndicate last month placed both **WSHB** and **KHBI** on the market. Monitor Radio will continue producing programs at least through June 30, 1997. The Monitor is discussing the sale of its successful Monitor Radio news operation to Public Radio International (PRI), among others. For its religious programs, the church plans to purchase time on shortwave stations owned by other broadcasters in portions of Africa, South America, and Asia. (direct)

9955 R. **La Colifata** 0230-0259, heard via **WRMI**, SS programs with EE ID's, ID as "Esta es Radio La Colifata en su primer emision internacional para la onda corta por los 9955 kilohertz via Radio Miami Internacional...", at 0254 salutations to the USA President, very, very original transmission. (8-Apr/Barrera-ARG)

VOA has been retiming some of its Mandarin-language broadcasts so as not to broadcast at the same time as Radio Free Asia's Mandarin service. The latest result of this is a new VOA Mandarin broadcast at 0400—that's noon in China, it's also mid-night summer time in Washington, so not the favourite assignment of VOA Mandarin-service broadcasters. Frequencies are 12040, 15485 and 17840 kHz via Udon, Thailand, and 15300, 15385 and 17740 kHz via the Philippines.

The **VOA Slovene** service is no longer on shortwave. It's heard only by way of rebroadcasting via domestic stations in Slovenia. But the VOA Slovene service just received a letter from a Slovene-speaking listener who lives in Cote d'Ivoire. He misses the Slovene service so much that he enclosed a crisp new US 50-dollar bill to contribute to the cost of resuming VOA's Slovene transmissions. VOA is returning his money with a note of thanks. VOA Slovene is not likely to return to shortwave. (BBCM)

URUGUAY 3479.91 R. **Agraria**, 1106-1113, AdS Banco Republica, Banco La Caja Obrera and ANTEL, ID at 1108 as "Radio Agraria, la radio campo de la ciudad", hrd MW freq. 1160 khz. (29-Mar/Barrera-ARG)

UZBEKISTAN IBRA Radio via Tashkent, in Bengali has moved to 15470 (ex-7400) 1330-1400. R. Tashkent in EE at 0100-0130 observed on new 9375. (3-Apr/das Gupta-IND).

Z97 sked for **Radio Tashkent**, EE services: 0100-0130 7190 9530 9715, 1200-1230 and 1330-1400 7285 9715 15295. (4-Apr/PanView-BUL/BDXC/EDXP/Padula-AUS)

Radio Netherlands via Tashkent NF for Z97 15585 1330-1530 EE to SAs. (direct/EDXP/Padula-AUS)

VIETNAM (all freqs approximate) **National Network 1** was heard on 5924, 7155 and 10060 kHz. I noted a satellite delay on 10060 kHz. On Sunday March 16th at 0340 until s/off at 0500, 7155 kHz was observed with a different program: Hilltribe mx, not //10060 and 5924 kHz. **National Network 2** is on 4960 and 12035 kHz. Hmong Service was heard on 5030 and 6165 kHz from 0500-0600 and at 1300. Unid. station on 4215 kHz (**Lai Chau 1** according to WRTH 97), heard at 1000 with own program, at 1100 relay of National Network 1. The National Network 1 was heard from a unknown location drifting between 4675 and 4680 kHz on most days. On March 15th the station drifted around 4718 and the next day this st was found on 4725 kHz. Sign on is at 1000. **Radio Son La** can be heard with sign on at 1200 on 4740 kHz with Hilltribe mx and progrs in Hmong. Sign off is at 1400. Also noted at 0335 until s/off at 0500. **Quang Tri Broadcasting Station** was heard with clear ID on 5050 kHz at s/on at 1000. During an announcement in Vietnamese I heard the

words in English "Quang Tri Foreign Broadcasting Station". Maybe a joke by the announcer?? *Lao Cai* was heard with s/on at 1000 on 5595 and 6700 kHz and relay of National Network 1 at 1100. Own progs include a lot of Hilltribe mx. *Cao Bang* is on 6530 kHz and was heard at 0325 and 1200 with Hilltribe mx. On 6395 kHz I heard *Lai Chau 2* (not Lai Cau) with s/on at 1000 with Hilltribe mx and progs in Hmong. This st was also heard at 0427 with Vietnamese mx. A North Korean station is also on this frequency. *Yen Bai* was heard at 1030 on 6548 kHz with interference caused by China Radio International at 1100. (15-Apr/Lohuis-LAO/WWDXC/Bueschel-FRG)

Lai Cau 4780 kHz 1050-1145, fr 1055 Hanoi relay //v4722.2, and some satellite time delay, behind 5924.5 kHz. Not //4214.78 & 4959.6 kHz. 1145 local program til 1213*. ID and QRG's at 1155.

v4722.8 kHz 1310-1500* *RTV Gai Lai* in Vietnamese. Local px as well as //Hanoi 5925 kHz at 1400-1424. Local progr 1425-1440 & 1450-1500. At 1500 suddenly signing off.

Tuyen Quang in Vietnamese v4739.8 kHz 1208-1350*, native mx, march mx, 1157 bamboo flute, no Hanoi relay noted so far.

Lao Cai 2 at 1140-1155* on 5597.7 kHz. Vietnamese local progr and native mx.

Cao Bang BS v6531.5 at 1215-1358*, political talks, ID at 1330 by female announcer.

v6702.17 kHz 1140-1458* *Lao Cai 1 BS*, in Vietnamese, local native mx, Hanoi relay 1153-1305 & 1315-1458 //Hanoi v5924.5, 1305-1315 local progr, many ID's. (4-Apr/Schulze-PHL/WWDXC/Bueschel-FRG)

ZAIRE Regional Radio Report-I have seen various Zairian regional stations listed for years but the only loggings I ever recall seeing were some presumed loggings of Lumbabashi on 7203v. One would have thought that if they were ever going to come on, now would be the time, given all the unrest in Zaire. I asked Dave Kenny of BBCMS to fill me in as to their status and here is his reply: As far as I know, only Candip is active on shortwave. All the other Zairian regional stations now appear to be on FM only. The only other active shortwave transmitter in Zaire is at Kinshasa on 15245 and that is irregular (end of Kenny quote) So that means the following in all likelihood are off (list per 1997 WRTH):

Mbandaka 5995

Katanga 6125/7865

Lubumbashi 7202v

Mbuji-Mayi 7295

Also, there were regional stations in territory now held by the rebels and these transmitters are in all likelihood not in use either:

Bukavu 3278/4848

Kisangani 11455 (25-Mar/Johnson/Cumbre DX)

FROM THE "YOU WISH!" DEPARTMENT *Spanish External Radio*, Spanish National Radio's [RNE] station for the whole world on shortwave, has a weekly audience estimated at 80m listeners. This places it among the world's four most influential stations, along with Voice of America, the BBC and Vatican Radio, according to information provided by Spanish Radio and TV. (BBCM)

JUST WHAT THIS COUNTRY NEEDS On 3 February, a construction permit to build a new SW station in the USA was granted to Charles C. Josey from Macon, GA. The construction permit expires on Aug 3, 1998, but Mr. Josey hopes to be on the air in Jan or Feb 1998. Mr. Josey is currently building a 50 kW SW transmitter to be operated on 11910. The antenna will be a rotatable yagi with a gain of at least 10 dB, an elevation of 7 degrees, a beam width of 53 degrees, and azimuths of 0, 30, and 330 degrees, mounted on a 40-meter-high tower. The transmitter will be located at 300 Poplar Street in Macon, GA in a business park on the west side of Macon, 32.49:56 N latitude and 83.37:34 W longitude. The station will air primarily religious bcs from 7 PM until 7 AM, starting with a few hours a night. The call sign has not been assigned yet. The call Mr. Josey would have liked was attributed 8 months ago to a local TV station. The station can be contacted at the following address: Charles C. Josey, 965 Hickory Ridge Drive, Macon GA 31204-1018, USA. Telephone: (912) 477-3433 E-mail: <charlesk4lnl@june.com> (20-Mar/Maes-BEL/EDXP/Padula-AUS)

Re the new Macon, GA SW stn, on DXPL Ken MacHarg interviewed Joanne Josey, wife of Charles. She says Charles is very talented when it comes to radio and electronics. Both have been hams for 40 years, and the stn will be a retirement pursuit. The transmitter and antenna will be constructed mainly from electronic salvage. The building is located in downtown, close to the police dept., TV stn and other services, and so they want to watch the interference situation closely at first—that is one reason why they will start out b/cing 1900-0700 local time. They hope to carry religious programming that is produced in other countries and, in essence, b/c it back to them. They hope to have a toll-free international phone system. They are now operating as Oil & Wine Ministries, PO Box 18174, Macon, GA 31209, tel. 912/745-1485. (6-Apr/DXPL/NU/EDXP/Padula-AUS) [ahh, for the days when retirees would simply open a bagel shop or something...AQ]

SPECIAL ENCLOSURE OFFER: Your QSL Editor is offering used and mint foreign postage stamps to use as enclosures with reception reports. We are offering 600 stamps for \$5.00; 1300 stamps for \$10.00; or 2000 stamps for \$15.00. With each \$5.00 order I will include absolutely free at least 300 additional stamps from the US - most of which will be commemoratives. That's a total of 900 stamps for only \$5.00; 1900 stamps for \$10.00; or 2900 for \$15.00! If you are interested in certain areas such as Africa, Asia, Europe, etc., I can send a concentration of postage stamps from that area. Please try to send a few dollars extra for USPO costs....Sam.

NOTE: We have quite a few QSLs to report this month so lets get right into them. I believe I will list all of the regular QSLs first and followed, as space permits, by the US pirates.

ALASKA: KNLS 7365 special "limited edition" cd. in 3 mo. (Berg-MA).

ARGENTINA (Clandestine): Radio Cochiquaz
* 11412.9 f/d cd. w/ personal ltr. in 23 ds. for \$1.00

Christopher R. Lobdell
P.O. Box 146
Stoneham,
MA 02180
USA

24 January 1997

Dear Mr Lobdell

We are very happy to receive a reception report of Sao Tome Relay Station from you. It is always our pleasure to receive information on the quality of our received signal.

I confirm your reception of our short wave transmission from Sao Tome Relay Station on 17 October 1996 PRESIDENTIAL DEBATE from California in English on frequency 4760 from 0100 UTC to 0330 UTC.

Our HANNS transmitter "VP100U", a medium wave transmitter, has been modified to short-wave with an output power of 100 KW. The antenna was a 1x1 curtain with bore slight bearing of 30 degrees.

As the name "relay station" implies, our station relays programs produced in our Washington, DC studios. The programs we relay reach us via digital satellite link. No programs originate in Sao Tome.

Attached is our operating schedule showing all the frequencies currently in use by VOA Sao Tome Relay Station. On weekends there are some variations from this list in program duration and language services.

All short wave broadcasts from Sao Tome Relay Station are at a power of 100 kilowatts into curtain antennas ranging in size from 1x1 to 4x4. At 1630 kHz medium wave we broadcast with 600 kilowatts using a two tower vertical antenna array. We broadcast on 4760 and 4860 with tropical band transmitter power of 100 kilowatts into curtain antennas ranging in size 1x1 and with a bore slight bearing of 30 degrees.

Yours

schedule in 85 ds. for 1 IRC.(Weissborn). f/d "National Military Centre" cd. in 79 ds.(Humenyk). 5990 f/d "Moldovita Monastery" cd. in 115 ds.(Humenyk). f/d cd. w/ sked. and ltr. in 100 ds.(Humenyk). 6155 f/d "Patriarch Church" cd. in 59 ds.(Humenyk). f/d "Folk Costumes" cd. in 66 ds.(Humenyk). 5990, 7195 and 9690 f/d "Manucs Inn" cd. w/ ltr. in 59 ds. (Humenyk).

NOTES: G. Michael Woloch, an old friend from Outremont, PQ, says his last report to the QSL Column was about 4 1/2 yrs. ago. He received his tip about the EG service from Rad Radio Jordan from Sheldon Harvey and Bill Westenhaver on the CKUT DX program. Michael says that he retired from teaching at McGill University last fall.

Ed Tillbury checks in from Sportsman's Point Circle in Anchorage, Alaska with 3 feet of snow. He says that it appears that the "cone of Silence" may be lifting from his area. On a good day he might be able to pull in Radio Australia with moderate static levels. At least the East Indians on 60 meters are starting to show up once again....Best of luck...Sam.

RADIO SPARKS WISHES YOU

via
McCarthy

A HAPPY NEW YEAR

RUSSIA: Deutsche Welle 5925 cd. in 43 ds. w/ sticker for 1 IRC(returned). (Hosoya). **Voice of the Mediterranean** 15550 f/d cd. in 31 ds. for a JP rpt.(Hosoya).

NOTES: Pedro M.C. de Castro took a photocopy of the Radio Cultura pennant that was in last month's QSL Column to the station manager, Jose Aparecido. He was very happy to see it and gave Pedro some of his last station stickers. Thanks for sending me one!...Sam. By the way, check out Pedro's Radio Cochiguaz pirate QSL at the bottom of the page. On a sad note, I must report that I received a note from **Masao Hosoya** of 1-1-19, Sengen-cho, Higashi-kurume-shi, Tokyo, 203 JAPAN in which he reports the

untimely passing of his eldest sister from cancer. He and his family have been taking care of her until her un-fortunate passing. I'm sure all of us express our most sincere condolences to Masao....Sam.

SULAWESI: RRI Ujung Bandang 9552.3 f/d prepared cd. in 1 mo. for SASE. The envelope was used. This took 9 reports over 15 years! (Palmer-shelm).
SUMATERA: RRI Tangjungkarang 3395.1 f/d prepared cd. in 76 ds. for an IN rpt. and SASE (used). v/s M. Nasur Agun. (Palmer-shelm). **RRI Pekanbaru** 5040 f/d prepared cd. in 38 ds. after 2 f/up rpts. in IN for ms(used). (Martin-CA).

I can't believe we have to end the QSL Column here. This is the earliest (Sumatera) that we ever had to stop. We'll try like heck to get all of the remainder in for next month. Wasn't it just an issue or two ago that I only had about three pages of QSLs?

Best of QSLing.....Sam.

Sam

 15210 LIBYA Tripoli(?) Arabic pgm relay?, nonstop AR mx, testing?, ment Tripoli (Flynn OR 3/20)

Denis Pasquale reports that he took his little DX-350 portable along when he went on a Caribbean cruise in mid-March and picked up dozens of stations in SP and PT but had trouble identifying them due to imprecise readouts on the analog receiver. All India Radio came in stronger than at his home QTH. The same for the Voice of Indonesia. The latter was good at sea but not audible in Venezuela. His advice is to be sure to bring along your receiver when travelling "on the high seas"

NOTICE: I am looking for anyone who has used or might have information on the Galaxy 300 or 350 ham transceiver. Gabriel Ivan Garrera, Casilla 2868, 1000 Buenos Aires, Argentina. E-mail <Barrera@arg.sicoar.com>.
