Sorry for the slight delay in getting this one out to you. A trial and two trips out of town immediately thereafter kept me away from home and typewriter for several days. Anyway, what there is is excellent:

First Dr. Richard Wood checks in from Hawaii with one of his fine reports:

ANGOLA RNA with SWAPO program, 9535//11955, EG 1640 and into Ovambo 1645. Political talks. 11955 is clear but 9535 shows an unusual jammer, different from the Soviet and Iraqi types --a rough electric motor and whistle. Has it been alleged that South Africa or Namibia operate jammers??? (Wood, HI 12-17)

COOK IS. RCI, 11759.5, in EG. Local ID and into RA off-air nx relay 0500. 0515 mx requests. No RHC noted. (12-17)

COSTA RICA R. Reloj 6004 0705 nx and time signals; clear. (12-17)

INDONESIA RRI Ujung Pandang, 9510, 0800-0805 5 minutes of IS, 0805 ID, "Inilah RRI Ujung Pandang," list evening's programs, into nx. Good through BBC Antigua. (12-6) +++ Jakarta, 11770//11865 0600 IS, s/on, ID "Programa Nasional," into nx; // Jayapura 9611. (12-9)

IRAQ Sawt ul Jamaheer, 15195//15440 tone test and abruptly into in-progress AR prgm of phonecalls 0458; joining already on-air 11720, 11790 and 17770. 0500 AR ID, nx. All good. (12-17)

GUYANA GBC, 5950, in EG 0825; requests for Christmas mx such as "Little Drummer Boy." Clear. (12-17)

JAPAN RJ on new 11955 //5990, 17810; JP/EG ID 0700 and into General Service EG nx. A dubious choice with BBC Singapore long established on 11955. Fair. (12-17)

KOREA REP. KBS, Suwon, 3930, KR ID, nx 0800, fair. (12-15)

KUWAIT RK, 17850//17885, 17895, in AR 0500, ID and nx. Good except 17885 where BBC Cyprus QRM. Shotgun technique in a narrow band. (12-17)

PNG NBC, 9520, EG nx of Irian Jayanese refugees 0800; abruptly off 0805. Good. Does anyone know of proposed new name for PNG which was supposed to be announced in November but was not? (12-6)

SOLOMON IS. SIBS 9545//5020, EG ID, into BBCWS off-air nx relay 0600. Good/fair. (12-9)

SWAZILAND TWR Manzini, 5055, EG "Back to the Bible," gave Transvaal mailing address. Good 1650. (12-12)

More from Richard next time.

Next a report from Ed Kusalik in Alberta, on some recent Indonesian loggings:

- 4944 RRI Bandung, 1620-1712 noted on the morning of 12-18. Tuned in to hear variety prgm with modern dance mx/lagu popular, talks, possible ID 1630, into prgm which features East African type of vocals. Vocals really threw me off till 1700, then nice ID for RRI, 6 time pips on the hour and local nx report. Off w/ Love Ambon at 1712. Exceptionally strong signal till off. (12-18)
- 4945 RRI Bandung, 1558-1602, noted with melodies till 1600, time pips for the hour, nice ID for RRI Bandung, no news relay and right into variety prgm. (12-19)
- 4774 RRI Jakarta, National Program, 1558-1605, noted at tune-in w/ commentary/talks on Vietnam/Indonesia till 1558. Nice ID for "Re-Re-Ia Nasional Program, Jakarta." SCI till the hour, followed with Nasional Program Nx, Jakarta Nx till 1604, when an anthem/melody is played after Jakarta nx relay. (12-18)
- 3394.8 RRI Tanjung Karang, 1505-20, noted with very strong signal at tune-in with Jakarta nxcast, IDs for Radio Republik Indonesia, Tanjung Karang. This nx in // to 4719. Anthem played after nx relay, then nice local ID, followed with local nx bulletin with mention of Medan/Sumatra. After nx bulletin there was a program of Kroncong mx ballads. Just beautiful signal. (12-23)
- 3305 RRI Dili, Timur, Timor, 1515-1535; noted at tune/in w/ program of guitar melodies and some anncmts by W speaker till 1526. M with talks, nice ballad of Hawaiian-style mx till 1528, anncmts for RRI stasiun Dili noted. Followed by Christmas drama program till 1535 tune-out. Must have been on late for Xmas. Quite strong till 1535 when covered with noise. (12-24)

- 5046 RRI Yogyakarta, 1613-40, tuned in to hear Christams mx like "Silent Night". This was a relay of a Catholic midnight mas in Indonesian with both text of mass and hymns sung in IN. Only one break at 1635 when anncr w/ short RRI ID only. (12-24)
- 3945 RRI Denpasar, 1552-1605; after nearly seven years of trying, finally able to hear this stn on morning of 12-24. Between AROs and slight noise was able to hear talks by W & M with orchestra mx in background till 1558 when I heard a very nice ID for RRI Denpasar. This was followed with SCI then into Jakarta News Relay till 1604½ when a short anthem was played, local stn ID then into talk prgm. AROs wiped it out 1605. Quite pleased. My 48th Indo. (12-24)
- 3277 RRI Jakarta, 1525-35, noted with lagu popular, nice ID at 1530 for RRI Jakarta, then a commentary on Indonesia mx, followed by some Christmas mx in EG. Was looking for Kashmir and hrd this. (12-23)

More from Ed next time, too.

Last, but certainly not least, we continue Kraig Krist's fine 49mb EG bandscan, and we pick up at 0730 . . .

Many thanks, as always to Kraig for his fine continuing efforts in providing this information. Whatever your overall perspective in the hobby, be it SWL to exotic DXing, having time and taking time to enjoy the many fine programs on SW is an essential and most enjoyable part of the hobby. Tnx again to Kraig for helping to make that a bit easier for all of us.

More goodies next time. Please take a few minutes and contribute to UD. I'll look for your reports.
